PRESSALIT®

Product	MATRIX CURVE II ergonomic wash basin with tap hole, without overflow
Item number	R2053000
Colour	VVS:636862200 NRF:6132514 RSK:7503002 EAN:5708590333878 HMI: 101016 White Product description	MATRIX is a series of wash basins, most of them are designed by Pressalit. MATRIX SMALL and CURVE wash basins fit onto PLUS, SELECT and VALUE wash basin brackets, whereas MATRIX MEDIUM, ANGLE, ANGLE DEEP and SQUARE are tailor made to fit specific brackets. MATRIX CURVE II ergonomic wash basin, 600 x 487 x 150 mm, with tap hole Ø36 mm, without overflow. Supplied with drain fitting. The concave front edge stabilises standing as well as seated users. The rounded edges are also comfortable to hold and rest against. The flat bottom leaves room for the legs underneath. Material: Ceramic. Suitable for wash basin brackets from the Pressalit PLUS, SELECT and VALUE ranges.
Product capacity	150 kg.
Materials	Ceramic
Ergonomy	The concave front edge stabilises a standing as well as a seated user. The rounded shapes are nice to grip and lean against. The design of the corners leaves space and supports the elbows in the basin and the flat bottom leaves space for the legs of a seated user.

Item number	R2053000
Warranty	A 5-year warranty is provided for your product from the date of purchase. The warranty covers material or manufacturing defects. The warranty does not cover defects or damage resulting from normal wear and tear, improper operation, misuse, inadequate maintenance, use of unsuitable cleaning agents, incorrect installation, or disassembly. In the event of a claim, you must always contact the dealer or store where you purchased the product. The warranty is conditional upon proof of purchase of the product. Pressalit will supply a spare part or replace the product with the same or a similar model. The warranty period is neither extended nor renewed when replacement products or spare parts are supplied. If replacement is not possible, Pressalit is entitled instead to refund the purchase price. These warranty terms apply in addition to the consumer's statutory rights and do not limit or exclude them.
Cleaning	For cleaning the wash basin, use hot water and a mild soapy cleaning agent. Make sure that the product is wiped down with a soft rag wrung out in clear water immediately after cleaning. For disinfecting the wash basin, the following agents can be used: Sodium hydroxide 5% Acetic acid solution 10% Ethanol solution 70% Sodium hypochlorite 5%, active chlorine Sodium chloride 170g/l, diluted to 50%. Make sure that the product is wiped down with a soft rag wrung out in clear water immediately after disinfection. **NB! Do not use abrasive cleaning agents, as this will cause damage to the surface of the wash basin.**
