Product	CareSystem shower chair 410 with aperture, manually height and sideways adjustable
Item number	R7568000
Ergonomy	The armrests' oval shape gives an easy and comfortable surface to lean and push against. Soft and slip-resistant material that has a warm feel. Ergonomically designed seat. Ergonomically designed seat with aperture that makes intimate hygiene easier.
Features	The seat and armrests can fold up when not in use or to make more space. Height adjustable 330 mm - the height of the seat and the backrest can be adjusted separately. Can be pushed along the track.
Cleaning	Pressalit recommends that chalky deposits be removed from wall tracks and other aluminum parts using a solution of three parts of 30% acetic acid to seven parts tap water. When the aluminum parts have been washed down with this solution, the parts should be wiped over with a damp cloth wrung out in clear water.
