<b>Ergonomy</b>	An electric height-adjustable kitchen worktop is ideal in all situations where various users - both seated and standing - use the same kitchen. This is equally true in private homes as well as larger centres with common kitchen facilities such as group homes and care centres.
<b>Features</b>	Lift heights are adjusted via switches in the front edge. Operating switches can be placed wherever you want in the front edge. The switches are colour-coded - aluminium to operate worktops and red to operate wall cupboards. Lifts can be adapted to most standard kitchen components. Lifts are available for worktops of any length between 600 mm and 3000 mm.
